## MACALISTER MANSION

Macalister Mansion is a quirky and sophisticated lifestyle destination. The name 'Macalister Mansion' honours Penang's former British Governor Colonel Norman Macalister. You will find numerous references to this historic figure captured in specially commissioned art pieces throughout the mansion grounds and spaces.

The design differentiates itself from the local boutique hotel scene by its intimate scale, contemporary design and attention to details. Set against the backdrop of a conserved mansion, the heritage spaces have been carefully adapted and key features conserved and infused with contemporary design, allowing the project to strike a balance between the nostalgia of the past and a vision of relevance for the future.

The owner of Macalister Mansion had the vision to conceive a lifestyle based offering which would enliven the hotel and dining scene in Penang, decided on the restored colonial mansion would stem from a holistic vision, with the 8 rooms and the 3 F&Bs forming a holistic brand with a distinctive positioning.
