TROPICAL SPICE GARDEN

Tropical Spice Garden - a holistic eco-tourism project spread over 8 acres of secondary jungle teeming with over 500 varieties of exotic fauna and flora. The garden was inspired by Penang's legacy as a historical spice island and showcases the history and diverse uses of spices in a stunning natural environment.

Visitor can opt for a guided tour or roam the gardens with an audio guide. Other facilities includes the herbal tea kiosk, gift shop, restaurant and cooking classes at TSG Cooking School. The garden is also a great venue for corporate teambuilding, kids nature education programs, talks and workshops.
