METRO GREEN ADVENTURE SDN. BHD.

"We are Metro Bike, a Penang-authentic green tourism service. We provide bicycle and trishaw services, planning of company events and tours around Penang. Along with your intensive meetings of MICE, we recommend our very own "Penangful" corporate event for corporate bonding and development – Metro Bike's extraordinary team building package. Our corporate event includes heritage sites' treasure hunt, street arts' hunt, food hunt, traditional trades hunt and cultural activities. We also provide an option for you to add a little twist to your team building event with a workshop or seminar.

This event includes various exciting activities which involve resolving of problems through group discussion, planning of resources, coordination, delegation and time management to achieve an ultimate goal. This goal can solely be attained through a body as one – unity. Our corporate clients have been from various sectors such as consumer retails, manufacturing, hospitality, finance services, non-government organizations and etc. As a Penang-born service since 2010, we believe that the colourful heritage, culture and food of Penang can propagate pure and direct interaction for nurturing values in team building, along with the natural unity of Penangites. Furthermore, the awkwardness among colleagues especially in virtual teams, will soon be unwound, and honest relationships will be naturally escalated, creating the united winner corporate team.
