

PENANG WATERFRONT CONVENTION CENTRE

The Light City is an urban downtown development which aims to redefine Penang as a Modern city and a go to-destination for local and international visitors. The Penang Waterfront Convention Centre sits in the centre, as the new landmark for the development, forming an iconic image for visitors approaching from the airport and from Penang Bridge. The design of the PWCC is conceptualised as a dynamic roof emerging upwards-as an expression for progress, while its fluid nature takes inspiration from its waterfront setting. The result is a unique convention venue for world class events and exhibitions offering visitors with panoramic views out to sea.

TENTATIVE OPENING: Q1 2021
