

## LEVEL TWO - WISMA YEAP CHOR EE

Standing majestically at the intersection of China Street Ghaut and Weld Quay, Wisma Yeap Chor Ee is a magnificent example of Penang's colonial architecture. The pristine white colonial giant was built in 1922, playing an integral part in Penang's past as a thriving port-city. The building used to house mercantile offices that traded at the harbour and one of the first few art galleries in Penang.

Sandwiched between the Penang Science Cluster on Level 1 and the Penang Accelerator for Creative, Analytics and Technology on Level 3, Level 2 @ Wisma Yeap Chor Ee boasts a collective events spaces of 10,000 sqft. This makes the venue one of the largest heritage colonial spaces specifically dedicated for Business Events.
