

TROPICAL FRUIT FARM

Tropical Fruit Farm covers 25 acres and was developed back in 1993 with the objectives to conserve the rare and exotic fruit trees, to educate and promote to locals and foreigners of the gift that our land is blessed with and to play a positive role towards agriculture and eco/agro tourism. Apart from viewing the fruits and its trees, visitors will be able to taste a variety of fruits. Visitors will also have the opportunity to learn the unique way of fertilizing fruit plant with our natural farm-made fertilizer and the formula of how to sweeten fruits.
