BOTANIC GARDENS

Penang Botanic Gardens (also known as 'Waterfall Garden') is one of the captivating must-visit places when you are in Penang. Formerly a stone quarry, the Botanic Garden is now more than 100 years old since it was founded by the British in 1884. As the oldest botanical garden in Malaysia, visitors will be thrilled with the natural beauty of the panoramic landscaping as well as the fresh air whilst enjoying the charming environment of the park with their friends and family.

Penang Botanic Gardens not only provides facilities for relaxation and recreation to visitors, but also expansive spaces for all types of events and activities in a park, surrounded by the natural environment.

LIST OF FACILITIES
