

SPICES BOUTIQUE RESIDENCE HOTEL

Spices Boutique Residence Hotel was presented with the "Adaptive Reuse" Award by the Architectural Association (Malaysia) in 2014. Spices is made up of 4 unique pre-war houses and it currently houses 8 individually designed guest rooms. Lumut Lane was once the centre of Islamic studies and one of the earliest Malay settlement in George Town that was frequented by traders from the Malay Archipelago, Arab and India. Back then, spices were indeed one of the main trade... hence the name Spices Boutique Residence Hotel.
